

*Bi-Monthly Newsletter*

**COLORADO  
CHAPTER**

*November – December 2017*

*President's Corner*

Happy Holidays to all-

What a year it's been.

Lot's to do and see this year. I want to thank everyone for helping me fill the calendar with exciting events for all. We are currently in the process of filling the 2018 calendar with our annual events and some new ideas.

VOTE, VOTE, VOTE! Don't forget to vote for our new Rocky Mountain Regional Director. Voting is opened now and you should have received your ballot through email over the past week. Some of you have called or emailed unable to find your ballot.

Be sure to check your spam folder before panicking. If you are still unable to find it, please send me an email to [fcarmpresident@gmail.com](mailto:fcarmpresident@gmail.com). A big THANK YOU to Ryan Sabga and the great job he's done. We are now lucky enough to have two very capable candidates to choose from.

Our illustrious Treasurer, Frank Strazzabosco, who I don't want to lose; and fantastic President for the Kansas City Chapter, Chris Parr. Please see an outgoing letter from Ryan Sabga and comments from both candidates. VOTING CLOSES November 29<sup>th</sup> at 11:59pm

Wishing everyone a safe and enjoyable Holiday Season.

Hope to see everyone at the Enzo Birthday Party which is scheduled for Sunday, February 25<sup>th</sup>. Please see our Save the Date ad in this newsletter.

*Best Regards-*  
*Jay Paul Santangelo*  
Colorado Chapter President

**2018 Regional Director News**

Dear Ferraristi,

My second two-year term as Regional Director for the Rocky Mountain Region is coming to an end, as many of you know. It has been truly an honor to be part of this club and to be with you all for all of the great things that we have done together. However, it is time for a new era for our region and as such, we have two extremely qualified candidates in the running to replace me: Frank Strazzabosco and Chris Parr. Both of their bios are attached and you can see that they each have qualities that would make for a great RD.

This is an important election and I want to make a few things extremely clear so that you can make the best decision possible. First, I nominated each of them as they both have the qualities that make for a great RD and would make for successful terms. Secondly, after having created the Colorado Chapter of the club, we now have three chapters that essentially run independently of each other. The RD's role is to advise and help each chapter while also working very closely with the National Club on new policies, directions, and long-term goals. There is no longer any kind of advantage or disadvantage to the RD's being from any one chapter in the region (or unaffiliated part of the region) over any other. Lastly, one of my wishes is to establish a leadership track for which aspiring RD's can follow and both of these candidates have followed that. They've put in a great deal of time in service to the club, they understand the nuances of the club dynamics, and demonstrated their loyalty to the greater good of the club. As I said, they would both make for exceptional RD's.

Please read over their bio's carefully and look for the election ballot in your email box from Theresa shortly.

Thank you all again. Best... Ryan

**Candidate: Chris Parr**

I would like to introduce myself, I am Chris Parr, and I am the President of the Kansas City Chapter of FCA and I sit on the Rocky Mountain Region Board. I have been married to my best friend Dana for 29 years, we have two daughters and we live just outside Overland Park, KS. When I am not playing with Ferrari's, I am CEO of an investment firm in Kansas City. Dana and I have been members of FCA since 1996, and we have been fortunate to have owned 9 Ferrari's over that time, including a F40, a 365GTB/4, a Dino 246GT and currently a 599GTB.

In 1999, I started working with Paul Gilpatrick, then President of FCA, to create a FCA chapter in Kansas City. Over an extended period of time Paul and I worked closely together and with Stu Schlemmer's help, the Kansas City Chapter of the Ferrari Club of America was born.

Our chapter was small when we started, less than 15 members. Over the next few years, with the help of some incredible officers and members, the club has grown to over 75 members with over 30 events on our calendar each year. The only period I have not been an officer of the Kansas City Chapter is when I was appointed to be the FCA National Membership Chairman, a position I held for two years and helped establish multiple new chapters around North America.

In 2004, we created a rally called Crescent Classic. Crescent Classic, over time, has become the largest and most respected Ferrari Rally in North America. We have been honored to have Ferrari of Denver, as well as, Ferrari of Houston as Title sponsors. Cavallino Magazine, Forza and The Ferrari Market Letter have also been major sponsors.

With the encouragement of past Rocky Mountain Region Directors, it has been a long-time goal of mine to be the Region Director for the Rocky Mountain Region. With the recent creation of the Colorado Chapter and an independent Region Directors position, it finally looks as though that dream may actually be a possibility.

The Rocky Mountain Region historically has been unique in that the region was run as a chapter with the Region Director in charge, with the exception of Kansas City, which is an actual Chapter. Because the region was effectively run as a chapter, it made it impractical for anyone outside of Denver to be Region Director. When Ryan Sabga was elected Region Director, he wanted to have the ability for anyone in the region to be the Region Director; therefore, he created the Colorado Chapter with its own unique officers, this separation was the cornerstone of his platform. It took a few years to implement, but the results have been fantastic with Jay Santangelo doing an incredible job as President of the Colorado Chapter.

Ryan Sabga has become a good friend and he has done an incredible job as Region Director this last 4 years, he has had to make some difficult decisions, but those changes have clearly made each Chapter and the Region stronger. I hope I can build on those accomplishments to make each chapter and the Rocky Mountain Region the best in North America.

I would appreciate your support and vote for Rocky Mountain Regional Director.

## **Candidate: Frank Strazzabosco**

Frank's dad initiated him into cars at Bridgehampton with the Can-Am series in the 1960's. Then, when Frank was old enough to get a driver's license, he took the test in his dad's E-Type Jaguar.

I had a poster on the wall of my dream car, a yellow 355 Berlinetta. In 2010 I finally decided to quit looking at the poster and get one. I found one w/ an F1 transmission and decide to give it a try, and never regretted it.

"After joining the FCA, our Region needed a treasurer. I volunteered. I keep the books for my own company and knew QuickBooks™ would make the job straightforward. I provide monthly reports for our Region and the Colorado, New Mexico and Kansas City Chapters. The Club, in part because of my experience, now uses QuickBooks™ as the standard for every region's financial reporting.

"The 355F1's proven better than my dreams. Driving it is like theater. Put your right foot down and it's like unleashing a monster. I seek out tunnels just to hear that Ferrari howl! The car's like a magnet when I park it. People come out of nowhere for selfies, and I don't know how many kids I have put behind the wheel for a photo.

"The F1 transmission is exceptional. I can really concentrate on steering and braking, particularly when tracking the car. I can also enjoy letting people drive the car without fear they'll crunch a gear or over-rev the engine. I predict future paddle shift cars will provide a mode mimicking the 355F1 transmission, returning throttle control during shifting, allowing your own blips on downshifts and your own control on up-shifts. I've never used the automatic mode.

"In the future, when autonomous cars start to become the norm, let's be pro-active and oppose any legislation that could end our great driving experiences. Let them have their own right-hand slow lane and leave the left lane for us to drive in a way that keeps those smiles on our faces. Forza Ferrari!"

As an Engineer, I'm used to solving problems and would be proud to have your vote for Regional Director to represent the Rocky Mountain Region at the national level.

Ferrari  
THE ALL NEW California T

STATE OF *The Art*

*SPORTY, ELEGANT AND VERSATILE*

The Ferrari California T epitomizes the sublime elegance, sportiness, versatility and exclusivity that have distinguished every California model since the 1950's. It is a car brimming with innovation that will more than meet the expectations of discerning clients for whom fun behind the wheel is a priority, but who also demand a sumptuously comfortable Grand Tourer they can use every day.

A twin turbo with 560 hp, combines the instantaneous response to commands, blistering performance, impressive torque and signature sound typical of a conventional Ferrari power unit with the fuel efficiency of a turbo.

## **Ferrari's Welcome Back program offers benefits to customers**

After launching the 7 Year Free Maintenance Program on all 2012 and newer models — a first in the premium car segment, it became evident that older models will also benefit from an enhanced maintenance offering.

The solution — Ferrari's "**Welcome Back Program**"

This program eases the burden of protecting your investment by offering substantial discounts on maintenance packages for past production cars ranging from 308's to 599's and to further enhance your value, the warranty has been extended to two years.

Consider the advantages of servicing your car at Ferrari of Denver.

We promise.

Ferrari factory trained technicians using Ferrari Genuine Parts.

The latest technical data from Ferrari to perform any required services.  
Clean comfortable facilities including Valet service and enclosed transport.  
Ferrari Factory Special Tools to help ensure proper repair of your Ferrari.  
2 year nationwide warranty honored at any Authorized Dealer.  
Every car Hand washed inside and out before delivery.
